

Alta Sierra Country Club Members

Hello,

RUMORS

We want to express that the rumor about the lady today at the club was exposed to covid and was exposing others is **NOT** TRUE.

We checked for the facts, and she has taken two covid test and both were negative.

She was exposed 23 days ago but negative now.

She is taking one more test today just so we all feel better.

Please check the facts before spreading Rumors.

Again no one at the club is exposing anyone.

Thank You

The 2021 Board of Directors
