

## Buti Battles Back

Tish Buti found out in July of 2023 that she had been living with a broken scapula that had calcified. A fall caused the calcification to break up causing much discomfort. Shoulder surgery in August was followed by another surgery and she didn't get back to golfing until April of this year. This past Thursday she captured the last Captain's Trophy of the year. Tish shot a gross 97 for a net 69. She said she had to check her card several times to be sure she added correctly. Great comeback Tish!

Other winners in Tish's second flight included Peggy Hubert winning low gross with a 99. First low net went to Nancy Mitchell with a 72 followed by Janet Barnes and Diana Garbin.

Low gross in the first flight went to Doreen Lewallen with an 88. Debe Wilson's 72 won low net. Coming in a close second was Judy Wood with a 73 and Jean Metz taking third in a back 9 card off with Chellie Peterson.

Jean Metz's 7'7" won closest to the pin. Doreen Lewallen was second with 10'5".

Next month we'll celebrate the year with our annual Awards Luncheon. For now enjoy the last days of this magnificent fall.
