

IT'S BEEN A LONG TIME

Captain's Trophy was played the third week of April, accommodating the schedule for aerating the greens and allowing some time for said greens to recover. Fifteen ladies teed it up on a cool and breezy morning. I've written these little monthly articles for ASWGC for years. Before the website I wrote articles for the Green Gazette which was a monthly printed newsletter. In all the years I've written about the Captain's Trophy winners I have never had to write about myself...until now. This is the first time I've won since 2018, a long time ago and a nice surprise.

The only thing I will say about this round of golf was I limited big mistakes. Nic Cefalu had given me a brief putting lesson the week before and during this round I only had one three putt. Tish Buti was in my group and we had the same net score of 72. Because she had already won Captain's Trophy I won for the month. Tish's 100 did win low gross in the second flight. Nancy Mitchell won first low net.

Low gross in the first flight went to Doreen Lewallen carding an 88. Low net to Diana Garbin with a 74, closely followed by Debe Wilson with a 75 and Ruth Squibb's 76 securing third.

Andi Davis was closest to the pin at 9'1". Mary Bulman was second at 16'4" and Tish Buti's 18'9" took third.

Harvey Penick said, "The real joy in golf is in playing the game for its own sake, not for the score." Well said but sometimes it's nice to have a winning score once every seven years or so.
