

Short in Stature Shortened Backswing

There's almost always a good turnout for Captain's Trophy. August was no exception with thirteen ladies competing. Really hot temperatures weren't scheduled to arrive until Friday so we enjoyed a comfortable day on the course.

One competitor who especially enjoyed the day was Marti Jones. I play quite a bit of golf with Marti and about midway through the round I mentioned how well she was hitting the ball. She simply stated that she shortened her backswing. Well with that shortened backswing she carded a net 66, the lowest score this year, to win Captain's Trophy. Janet Barnes was also in Marti's foursome and she captured low gross with a 101 in the second flight. Robin Van Metre and Diane Timko were first and second low net winners in that flight respectively.

Continuing her consistent play, Doreen Lewallen's 83 won low gross in the first flight. Cinnamon Danielson was low net winner in the first flight with a 69. Chellie Peterson took second low net with Peggy Hubert coming in third.

Janet Barnes was closest to the pin. Her 11'4" bested Tish Buti's 16'3".

Stay cool everyone and enjoy the remaining few weeks of summer.
